

IN the last **48 hours** have you or anyone in your household had any of the following **symptoms**?
(reminder we are not screening for seasonal or environmental allergies)

- Fever (temp >37.8)
- New or worsening respiratory symptoms ie cough shortness of breath or difficulty breathing, runny nose or sneezing, nasal congestion, hoarse voice, sore throat, or difficulty swallowing.
- New onset symptoms you don't normally have including but not limited to chills, muscle aches, nausea/omitting, diarrhea, loss of appetite, malaise, fatigue or weakness, loss of sense of smell loss of sense of taste or headache?

NO: have you or anyone in your household **tested positive for COVID 19**?

Yes: please notify a volunteer coordinator when you are well enough to do so. When Public Health contacts you the removes your Isolation requirements, please contact the volunteer coordinator and notify them of this date. We will be requiring you to hold off of visiting for 7 more days. Redo the assessment

YES: Based on this answer we are asking you not to visit with your client face to face. Following the guidance of the SHA, you should self-isolate and contact healthline. When you feel well enough to do so contact a volunteer coordinator. Redo the assessment

In the last 14 days have you or anyone in your household been **outside of Canada**, including the United States?

NO: In the last 14 days have you been identified by public health as **close contact**? Or have you had **close (within 2 meters) or prolonged contact with a confirmed or probable case of COVID-19**?

YES:You're required to self isolate for 14 days, notify the volunteer coordinator when your 14 days will be completed. Continue virtual/phone calls you're your client. Prior to restarting your face to face visits please connect with the volunteer coordinator. Redo the assessment.

In the last 14 day have you had **NON-close contact with a confirmed or probable case of COVID-19**?

YES: At this time, we ask you to refrain from visiting face to face with your client, to increase their protection and decrease their risk. Please continue to call or do a virtual visit with your client. If you are unable to do so please let the volunteer coordinator know. Re do the assessment.

NO: Community transmission of COVID-19 is high across the province, You are able to visit face to face today,
IMPORTANT: you **must wear a medical mask at all times** when with your client. Practice good and **frequent hand hygiene** throughout your visit. Continue to **maintain 2-meter distancing**. Keep **movement in the home to a minimum**. **Do not share food or drink**. Contact the volunteer coordinator of you have any concerns. Come and **pick up masks** available to you here.
